THE FATHER'S DAY "POWER COMBO" RHINOPLASTY WITH CHIN AUGMENTATION

Men generally like to project a strong and powerful image. This can be difficult when facial features appear off balance due to an oversized nose and/or a weak chin. Surgically enhancing these all important features with a Rhinoplasty and Chin Augmentation can offer a tremendous boost to a man's self image and confidence.

Whether it is because they feel better about themselves, or because they are perceived more favorably by others, it is clear that men who have a better alignment of the nose and chin do have an easier time projecting the desired "powerful image" effect. Did you know that according to a recent study of the facial profiles of 42 of the top CEOs on the Fortune 500 List, 94% had chins that were rated as average or above average in prominence when compared to the general population? Our society clearly places value on the balance between a proportional nose and a prominent masculine chin.

At Bal Harbour Plastic Surgery Associates, we understand firsthand the need that men have to feel at the top of their game, particularly in these trying economic times. That is why we are offering the "Power Combo" Rhinoplasty and Chin Augmentation at a special price for the months of May and June, in honor of all those hard working fathers out there!

Please call 305-861-8266 for your complimentary consultation.

To all Mom's and Mom's-to-be:
Happy Mother's Day!

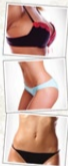

GET BACK YOUR PRE-MOMMY BODY WITH MOMMY MAKEOVER COSMETIC SURGERY

Mommy makeover plastic surgery can return your body to what it was before pregnancy. The rewards of motherhood are immeasurable, but it also takes a great toll on a woman's body. Many women are choosing to renew their bodies by having mommy makeover surgery. A Mommy Makeover can help a mom achieve the firm bust line and smooth belly they had before they gave birth.

With everything you do for your family, you deserve to look and feel great.

There are many options involved with a Mommy Makeover cosmetic surgery. Dr. Salzhauer will consult with you and discuss what will be your best options for your new rejuvenated look, and all the details involved with your Mommy Makeover cosmetic surgery. The most common procedures involved with a Mommy Makeover are:

- **Breast Lift:** Often performed in conjunction with breast augmentation, this procedure can rejuvenate sagging breasts and replace volume lost after breastfeeding.
- **Liposuction:** Many moms struggle with a few areas of left over baby weight. Liposuction can help get rid of that and create an overall slim and proportionate look to the body.
- **Brazilian Buttlift:** One of Dr. Salzhauer's signature procedures is creating a full and curvy rear-end by using the patient's own fat.
- **Tummy Tuck:** Dr. Salzhauer can restore your youthful belly by removing excess skin and tightening abdominal muscles that stretched during pregnancy. A tummy tuck can also get rid of a great deal of stretch marks on the abdomen caused from pregnancy.

COSMETIC SURGERY IS NOT JUST FOR WOMEN!

A growing number of men are choosing cosmetic surgery that is specially tailored to fit their unique body structures and appearance goals. Dr. Salzhauer estimates that probably 30% of his patients are men.

Whatever your cosmetic needs may be, we will be able to help you achieve your appearance goals. With advances in techniques and technology, body contouring procedures such as liposuction can help you fine-tune and slim those areas that need a little help.

FEATURED RESULT: LIPOSUCTION

Get rid of excess fat, Contour your shape, Shed some weight!

For your complimentary consultation to rejuvenate your look call **305.861.8266** or visit us online at www.balharboursurgery.com

TESTIMONIAL

I fell in love with the doctor even before my appointment. I did all my homework before scheduling and booked my appointment/surgery on the same day. Now I feel as if I was reborn. I work with doctors and Dr. Salzhauer is the best doctor "in the world". I mean it. The staff as well showed so much interest throughout the whole way. I recommend him to anyone who may ask me, even my family. Thank you so much for the start of a new life. Nancy
